At Bazoongi®, we want to put the “fun” back in FUNctional, we use colorful fabrics, easy-care materials and super-sturdy construction methods.

Why are we so nit picky about details?

Because our goal is to create long-lasting products that kids will outgrow rather than demolish in 10 seconds flat.

Our Bazoongi designers, are busy developing really cool stuff for kids with a lively sense of color and cheerful imagery that celebrates the joyful side of life. We've got loads of ideas cooked up to help Bazoongi Trampolines, Play Structures, and more fly off your shelves.
